"Parole Eligibility Date" (PED) is the date at which it is possible to release a person into the community under parole supervision. "Estimated Parole Term" refers to the length of time people who are housed past their PED could be expected to spend in the community under supervision if released immediately.

Reentry and Discharge (cont.)

"Post-Release Supervision" occurs after a person discharges from NDCS custody and is a term of community supervision under the Office of Probation Administration. "Flat Sentence" refers to people with the same minimum and maximum sentence lengths, which does not allow for a period of parole during their term of incarceration. "Mandatory Discharge" indicates people who completed their sentence in an NDCS facility and discharged directly into the community.

The graphic above considers all individuals who paroled or discharged during the quarter and identifies whether they were able to transition through Community Corrections Center - Omaha or Community Corrections Center - Lincoln prior to their release.
